Asks Fifty-five Organizations to Send Representatives to Meeting Next Wednesday to Discuss Advantages of Establishing a Public Fund to Erect Suitable Memorial to Men of Central Okanagan Who Have Made Supreme Sacrifice in the War—Suggest Effort Should be Community Wide and Embrace All Sections and Viewpoints—Ask Rural Representatives to Attend

## Second Meeting for Organization

THE Kelowna Gyro Club has asked some fifty-five local organizations to send representatives to a meeting to discuss the establishment of a war memorial fund. The meeting is to be held in the Board of Trade rooms on Wednesday next. The letter has gone out over the signature of L. R. Stephens, chairman of the Gyro Club War Memorial Committee.

This action follows that taken a month ago by the general membership of the Gyro Club which went on record as approving the establishment of a general public fund in Kelowna for the erection of a suitable memorial to the Kelowna district's sons who have made or will make the supreme sacrifice in the fight for freedom. The Gyros suggest that a general committee should be organized for the handling of such a fund and that the funds collected should be put into some useful and suitable building, such as one of the units of the proposed civic centre.

In addition to the representatives of organizations, key men in the various rural districts are being asked to attend.

It is felt that, as the proposed building would be of service to the whole Central Okanagan, and as one general memorial for the area would be more suitable than a number of possibly insignificant ones, the rural areas might like to join the general scheme.

The Gyros propose that at this first meeting the whole matter will be discussed from all angles but that no definite decision will be reached. It is felt that the representatives of the organizations will not be in a position to take definite action but will find it necessary to return to their organizations, make a report and receive instructions regarding what action they should take.

The Gyros propose that about June 20th another meeting should be held at which, if the scheme meets general approval, a steering committee should be set up to handle the campaign.

While the Gyros are taking the lead in the advancement of the scheme, they feel that once the idea is presented to the meetings, a general committee reflecting various sections of the community should be named to carry on. The Gyros feel that some organization had to take the initial steps, but thereafter it should become, if adopted, a community effort.

## STUDYING CONTROL MEASURES

Province Contemplates Legislation to Control Building Adjacent to Urban Boundaries

Hon. R. L. Maitland has written the City of Kelowna that his department is studying legislation to be brought down at the next session of the Legislature to provide more control of building in areas just beyond the limits of a city. The Attorney-General's department in this regard.

In his letter Mr. Maitland points out that subdivisions in such areas may be held up unless adequate provision is made for such matters as such things, and that some subdivisions have been so held up.

Mr. Maitland, while in Kelowna recently, made a personal inspection of the area just south of the Kelowna city limits.

Regarding the same matter, W. A. C. Bennett, M.L.A., has written the City Council to the effect that G. P. Amyot, provincial health officer, has called a special meeting for mid-June of officials of the provincial departments interested in the question as well as such matters as sewage disposal and water supply. The whole problem will be considered by this meeting.

The problem is not one common to this area, as Vernon, Kamloops are suffering from the same conditions, which arise from the fact that there is no adequate control of buildings and health matters in unorganized territory which comes under the jurisdiction of the province.

The cities maintain that it is not right that they should spend large sums of money to protect the health of their citizens, only to have their efforts countered by unrestricted and uncontrolled building immediately outside the city limits.

## MARK GOLDEN ANNIVERSARY

Mr. and Mrs. L. Schmidt Surprised by Friends

On Sunday, May 27th, Mr. and Mrs. Ludwig Schmidt, 202 St. Paul Street, celebrated their golden wedding anniversary, when a large number of friends surprised them at their home at the dinner hour. Mr. and Mrs. Schmidt were married in Austria 50 years ago and have lived in Canada for the past forty-five years.

Mrs. L. Senger played the wedding march, when Mr. and Mrs. Schmidt returned from a drive in the country, prior to dinner. Six men sang a favorite hymn in their honor. Mr. and Mrs. Schmidt's grandchildren, Rosella and Tommy Schmidt, presented them with a beautiful bouquet of flowers.

During the dinner hour toasts were proposed to the couple by Mrs. J. Folmer and Carl Koch, and Mr. and Mrs. Schmidt received, among many other lovely gifts, a gold watch, each, from their children, in commemoration of the occasion.

Mr. and Mrs. Schmidt have seven children, twenty-five grandchildren and one great-grandchild.

## LOCAL AIRMAN DIES IN SERVICE IN MIDDLE EAST

Parents Here Receive Word of Passing of Flt. Lieut. J. W. B. Povah

Word has been received in the city of the death overseas of Flight Lieut. John William Bruce Povah, 25 year old son of Mr. and Mrs. A. H. Povah, of 185 Royal Avenue. He was a member of squadron No. 216, R.A.F. on active service with the M.E.F. and S.E. Asia Force.

A native of Kelowna, being born here September, 1922, and educated at local schools, the young airman enlisted in the R.C.A.F. in July, 1941, graduating as Pilot Officer at Macleod, Alta., with the highest award. He was posted to Charlottetown and Summerside, P. E. I., for a year then transferred to Pacific Command with the rank of Flying Officer. In June, 1944, he was posted overseas and promoted to Flight Lieutenant going almost immediately to the Middle East and later was serving with the S. E. Asia Command. No details have been received as yet as to the cause of death.

Flt. Lieut. Povah is survived by his parents, one brother, Dr. Arthur H. Povah, of Winnipeg and a sister, Mary Margaret, at home.

## AQUATIC CLUB NOW OPEN

Swim Classes to Start—Tea Room Ready

Alice Thomson arrives in Kelowna tomorrow, Friday, to assume her duties as aquatics and swimming instructor at the Aquatic Club. She will immediately commence to organize swimming classes in the schools. It was reported at the Aquatic Club meeting on Tuesday evening.

The directors felt that some emphasis should be given the fact that the Aquatic is not a closed corporation but a civic enterprise, run without profit for the benefit of the children and other citizens of Kelowna. All children under fourteen years of age are entitled to full privileges without cost. The directors feel that many new residents of the city may not appreciate this fact.

A public meeting to discuss the regatta will be held on Thursday, June 21st.

Carl Dunaway's orchestra has been engaged to play at the Aquatic dances for the season. The tea room will open on June 1st and the general public has free access to it for meals and light lunches. It is being run this year under management of Mrs. E. Telford.

Gordon Bennett, of R. G. Rutherford and Co., has been appointed treasurer of the Aquatic.

Membership tickets are now being sold. They are available from all directors and from Mrs. W. Love, at the club.

## NEW RATION BOARD OFFICER FOR KELOWNA

W. J. Symons Resigns and Successor Has Arrived in City

Kelowna Ration Board officer W. J. Symons, who has been officiating here since the office opened in the city February 9th, 1943, has resigned his position and will be succeeded by H. Blake Crothers, of Winnipeg, Man., a war veteran who saw five years of service in the R.C.A.F., being a Pilot Officer air gunner and wounded in action.

Mr. Symons, a returned veteran of the First Great War, has been with the W.P.T.B. since August, 1942, but a few weeks ago he contributed to the war effort and has given efficient service to the public here during his administration. A. H. Bell, regional superintendent of rationing, when announcing Mr. Symons' retirement to the local office staff members Tuesday, said his leaving is a great loss to ration administration. Mr. Symons will be returning to private business in the near future and will leave his present position June 9th.

Mr. Crothers arrived in Kelowna this week and took over his position officially Tuesday, May 29, and will be joined later by his wife and two year old daughter as soon as a residence can be located.

## Empire Day Celebration Sponsored By Gyro Club Draws Huge Crowd Here

Proves Real Children's Day with Crowning of May Queen a Highlight and Pet Parade a Heart Warming Event—Parade is Impressive and Sport and Track Events Hold Real Interest—Box Making and Apple Packing are Unique Features—Wrestling Match and Dances are Evening Program Events Attracting Many

EMPIRE DAY at Kelowna was a gala occasion and a day of real enjoyment for the children. Crowning of the May Queen for the first time in three years, May Pole, Scottish and country dancers, sports of every description, parade, track events and a wonderful parade of pets were all included in an outstanding program arranged by the Kelowna Gyro Club. Thousands of children and adults from city and district joined in fun which centred in the City Park oval in the morning and afternoon, while a wrestling match and dances were enjoyed by the grown-ups in the evening. Perfect weather prevailed throughout the entire event.

Highlighting the celebration was the colorful ceremony which marked the retirement of the past May Queen, Audrey Budden, and the crowning of Janet Scantland as the 1945 May Queen.

Centring the oval and fronting the grandstand, a flower bedecked and flag draped raised dais made a fitting background for the royal entourage, which arrived at the grounds in a triumphal procession. The parade was an impressive one. Headed by the Sea Cadet band, it included Army, Sea and Air Cadets, Scouts, Girl Guides, Brownies, Cubs, a bevy of dancers, cars of court attendants and the royal carriage.

Sea Cadets formed the guard of honor and sounded the fanfare announcing arrival of the May Queen. The flag was then raised officially by the Sea Cadets and the National Anthem opened the proceedings, being played by the Bethel Boys Band, which rendered numerous selections during the afternoon.

The crowning of the new Queen was an effective ceremony. Queen-elect Janet and retiring Queen Audrey, carrying arm bouquets of flowers, were crowned in long, flowing white robes, as were their eight court ladies, while the princesses were frocked in white afternoon gowns. The royal crown, composed of white flowers, was placed on the head of the new May Queen by her predecessor.

Accepting the symbol of royalty, the new Queen said that, with the war over in Europe, it was time to resume the joyous festivities with a light heart and entertain hope of a shining future. She spoke of the value of a good neighbor policy in every day living and urged that it be carried out by each individual.

His Worship Mayor J. D. Pettigrew, after expressing appreciation to the Gyro Club for providing the day's entertainment, spoke briefly upon Empire Day, saying it is a day for youth and one on which they should take special thought of what the Empire means to them and to the city.

The Mayor, who was accompanied on the dais by Mrs. Pettigrew, was introduced by Les Roadhouse, President of the Gyro Club.

Included in the coronation proceedings was the brooch ceremony. Princess Doreen Elvedahl carried to Queen Janet a white plush cushion upon which rested two golden brooches. Princess Patsy Rowcliffe pinned the "May Queen 1945" brooch on Queen Janet and then presented the brooch inscribed "May Queen 1945" to the retiring Queen.

## Community Counsellor Suggests Establishing Combined Office With Child Welfare Department

Reports on Activities Since Arrival Here in January Cover Wide Range of Work Done by Archie Morrison and Indicate That Child Welfare and Recreational Work Must Both be in Program to Round out Full Functioning for Desired Results

WITH A VIEW to fuller development of his work here as Community Counsellor, Archie Morrison suggests establishment of a combined office in Kelowna with the Child Welfare department. This suggestion is included in a comprehensive review of the work accomplished here by the Counsellor during the first four months of this year and presented to the Juvenile Affairs committee under which he has been functioning.

In his report for the month of April, Mr. Morrison said: "Apart from the two juveniles with whom I had previous contact and who have been returned to the Boys' Industrial School early in the month, there is now only one boy who is reporting to me. His case is adjourned until July. This explains the decrease in the reportings and in the number of investigations. During the month one boy was encouraged to resume his high school studies. This was accomplished after interviews had been arranged with the Principal, W. J. Logie, who explained to the lad the advisability of resuming his schooling. One parent has approached me asking for assistance and direction in the case of his son. On the request of an overseas padre, I have paid several visits to a soldier's home in an attempt to assist in a social service way."

"The child welfare phase of this office does not seem to be developing as planned. Probably this is only evidence of the working out of the function of the office of Community Counsellor. It would seem to be a pity, if this is the trend, that the contact with the child welfare should be lost, because it is in this regard that most scope of the preventative side of the program is found. To let that disappear is to take away the

balance of the office's functioning. If it appears desirable to divide the work, giving part to a trained child welfare worker, then it would seem advisable to attempt it from the point of co-workers sharing the same office. The matter of stenographic services would be an important consideration in a combined office situation. The Juvenile Affairs Committee would do well to consider this trend before the review of the provincial participation in this project of Community Counsellor is made in June.

"The biggest feature of the recreational part of this office's program was the beginning of the Teen Centre on Friday, April 13th. There were 286 boys and girls from 13 to 19 present for this beginning of their own program. At the present time the paid membership has reached 275. The organization of this program has been the work of the teen-agers entirely, apart from the advice given them in committees by chosen adults. This advice was given only when asked for, and consequently has been willingly accepted and used.

"To assist in providing a variety of menu at the snack-bar, rations of butter and sugar were applied for and received from the Wartime Prices and Trade Board. It is felt Turn to Page 2, Story 2

## J. SPURRIER IS CHAIRMAN OF TROUT DERBY

Central Committee Names Officers at Woods Lake Meeting on Sunday

ANNUAL BANQUET HERE Osoyoos and Mable Lakes are Included in Derby for Coming Season

Joe Spurrier, of Kelowna, has been chosen by the Kelowna Rod and Gun Club to serve as 1945-46 chairman of the Okanagan Lake Rainbow Trout Derby, which will hold its second annual banquet in Kelowna next spring, by the Kelowna Rod and Gun Club.

At a meeting of the central committee at Woods Lake Sunday, the central committee officers were named as follows: Joe Spurrier, President; Mark Hugo, of Penticton, Vice-President; Roy Longley, Kelowna, Secretary-Treasurer and A. J. Geyer, Valley Station.

Members of the executive include Archie Blackie, Kelowna, membership and George McKay, Kelowna, Junior Board of Trade representative. A fourth executive member will be named later.

One of the highlights of the meeting was the inclusion of Osoyoos and Mable Lakes in the derby. These were added in view of the fact that they are located on the valley floor level with other Derby lakes. They will be featured in the special events department. It was decided not to include mountain fly fish lakes in the chain.

The operation of the derby last year netted in the neighborhood of \$1,000 and this will be used for further propagation of sport fish in the valley. The object will be the same this year and present indications are that the prize list will be similar to that of last season, when Kelowna, Vernon and Penticton merchants contributed \$1,600 in prizes for the derby.

The 1945-46 derby opens officially June 1 and will continue through to February 15 of 1946.

Plans are now well underway for the big event and further derby details will be announced shortly.

## PLANS MADE FOR AQUATIC OPENING

Tea, Concert, Sale of Work and Dance on June 14th

The regular meeting of the Ladies Aquatic Auxiliary was held on Monday evening in the Aquatic lounge, when plans were made for the official opening, which this year will take the form of a tea and sale of handwork. This annual affair, on Thursday afternoon, June 14th, will be followed by a concert, sale of work and dance on June 15th.

A great variety of articles have already been turned in for the sale of work and handicrafts this summer, to make the place more attractive and this is the work being undertaken by the Auxiliary this year. A new cheerleader suite and two new cheerleader dresses have been purchased by the Auxiliary for the Lounge and new curtains will be obtained both for the Lounge and the dance hall if possible. This is in addition to the new chairs and tables that money has been expended on the club itself apart from necessary repairs and it is hoped that this season the lounge will become one of the most popular places for members.

It is expected that it will be ready for use on the opening day of the association.

Tea will be served from three to five during the afternoon, and the many attractive articles will be ready for sale at three o'clock. Flowers will be sold during the afternoon also, and a musical program under the patronage of Mrs. Jack Buckland has been arranged and many local artists will take part.

## WO. G. FLINTOFT REPORTED SAFE

One Third of R.C.A.F. Boys in Camps Still to be Reported On

Word has been received by Mrs. George Flintoft, of Manahat Beach, that her husband, W.O. Geo. Flintoft, R.C.A.F., is safe in England. He was reported missing on August 9, 1944, on air operations over France and has been a prisoner of war since that time until released recently. The airman enlisted in 1942 and went overseas in January, 1944.

It is understood that one third of the R.C.A.F. boys who have been prisoners of war are still to be reported on and Red Cross headquarters state that everything possible is being done to make early contacts.

## TOWN PLANNER HERE TODAY

J. A. Walker, Vancouver representative of Harland Bartholomew and Associates, probably the best known town planner in the world, is in Kelowna today, Thursday, to enter preliminary discussions with the City Council regarding the making of a survey of the city, with particular emphasis on the use to be made of the proposed Civic Centre site. Discussions taking place during Mr. Walker's visit will be one of a preliminary nature.

## TPR. J. C. SURTEES WEDS OVERSEAS

Word has been received by Major and Mrs. F. G. C. Mortimer, Vernon, of the marriage of their nephew, Trooper J. C. Surtees, to Miss Ursula Brans, of Old Woking, Surrey, England. Tpr. Surtees, who is serving overseas with the 8th Canadian Reconnaissance Regiment, is the son of Capt. A. V. Surtees, R.A. The wedding took place on Saturday, May 26th.

## LAND OWNERS SEEK TO CLOSE RIVERSIDE AVE.

Want to Close Off Public Right of Way Which is City Property

A petition was received by the City Council on Monday night from the owners of property on Riverside Avenue suggesting that Riverside Avenue proper, which runs between the fronts of houses and the creek, be closed and decided to the respective property owners in exchange for five feet taken off the rear of the properties last year and added to the lane.

For some time it has been recognized that the lane at the rear of this property was the main traffic artery serving these houses and that some steps had to be taken to improve conditions last year the property owners on the west side moved their fences and garages back five feet with one exception. The service poles along the lane, by the creek, will be moved back this summer and it is anticipated that when blacktopping is available, the surface will be coated, making an adequately wide and well-paved lane.

Riverside Avenue proper crosses about just south of the Mill Creek bridge, runs to the creek and turns sharply left to parallel the creek as it runs south along the Park.

This street has never been opened although it is now city property and public right of way. This right of way has been absorbed unofficially by the properties and most of the road allowance has been planted in lawns. The owners do not seek to obtain full ownership.

After some discussion the matter was laid on the table for further consideration.

Those property owners signing the petition were: Alderman C. D. Newby, Alderman G. H. Herbert, R. W. S. King, Mrs. M. A. Wilson, Mrs. O. Ritchie, Mrs. D. M. Longley, B. M. Birtch and G. L. Finch.

## WILL HOLD CONVENTION AT PENTICTON

B.C.F.G.A. to Meet There in January—One Day at Oliver

The 1946 convention of the B.C.F.G.A. will be held in Penticton in January, according to action taken by the directors of the association held on Friday.

Oliver made a strong bid for the meeting but finally withdrew when it became apparent that the directors were doubtful that adequate accommodation could be found there.

Penticton had extended an invitation through Reeve McDougall and through the Board of Trade. However, as a concession to Oliver, the B.C.F.G.A. executive is being instructed to arrange, if possible, the sessions of one of the days of the convention to be held in Oliver.

It is suggested that the whole convention move to Oliver but that the cost of converting this into a special train for the one day, if satisfactory arrangements can be made.

## TOTAL OF 2,190 CHEST X-RAYS DONE IN CITY

Provincial Mobile Unit Goes Northward on Tour of Okanagan Valley

When the Provincial Mobile Chest X-Ray clinic visited Kelowna from May 10 to 23 inclusive there were 2,190 persons who took advantage of this free service to have chest X-ray pictures taken in the interests of stamping out tuberculosis. While the number attending the clinic here was disappointing to officials the total was approximately the same as Penticton where 2,239 visited the clinic.

Best response per capita to date in the Okanagan Valley was at Summerland where 1,066 persons had chest X-rays.

The mobile unit left the city Friday morning, May 25, for northern points in the Okanagan Valley.

The clinic here was organized by the Social Welfare Committee of the Kelowna Junior Board of Trade.

## KELOWNA AIRMAN REPORTED SAFE

Flt. Lieut. Charles Maddin Free After Being Prisoner of War

It has been officially announced that Flt. Lieut. Charles Maddin, son of Mrs. William Maddin and the late Mr. Maddin, of Vancouver, formerly of Kelowna, is safe after having been taken a prisoner of war a year ago, prior to which he was reported missing. This airman is well known in the city and attended local schools as did his two brothers, Cameron and Lorne. The former was with the R.C.A.F. and was reported missing after air operations over Germany on March 23, 1944.

## Officials of Three Fruit Organizations Are Elected Here

Fruit Board Members Are Re-elected with G. A. Barrat Again as Chairman—Des Brisay is Again Elected President of B.C.F.G.A. and Executive is Appointed—B.C.F.G.A. Directors Make Recommendations for Slate of Governors for B.C. Tree Fruits Limited—Fruit Board Convention and B.C.F.G.A. Directors Met Here on Friday—Nine New Faces

### Meetings Quiet, Business Quickly Handled

A. GORDON Des Brisay on Friday was elected president of the B.C.F.G.A. for the fifth consecutive year by the directors of the association, who, meeting in a dual capacity of delegates to a meeting of the B.C. Fruit Board and as directors of the B.C.F.G.A., elected the three Fruit Board members, the executive of the B.C.F.G.A. and recommended to B.C. Tree Fruits Ltd. their suggestions as to who should be governors of the grower-controlled sales organization.

The dual meeting was a quiet one and business was conducted with despatch. A few years ago these meetings were hard put to it to get through in two very long and arduous days. Now a half day would be sufficient to transact all the essential business. The change is due to changing conditions and the general elimination of troubles through the operations of B.C. Tree Fruits and generally good conditions.

Representatives of twenty-five local growers were present, including G. A. Barrat, of Grand Forks, who is ill in the Nelson hospital. Mr. Barrat has been an attendant at the meetings for many years.

Meeting first as delegates to the B.C. Fruit Board convention, they re-elected to office the three former members of the Board: G. A. Barrat, of Kelowna, as chairman and P. E. French, of Vernon and C. J. Huddleston, of Summerland. The salaries remain unchanged, the chairman receiving \$3,000 and the other two members \$500 each.

R. G. Rutherford and Company were again appointed auditors of the board.

B.C.F.G.A. Becoming directors of the B.C.F.G.A. the group proceeded to elect the executive of that organization. Mr. Des Brisay, who had held the office of President for four years, he considered that it would be wise if a new man were named to the office. However, Mr. Des Brisay's call and no other name was advanced.

After Mr. Des Brisay's election, Secretary C. A. Hayden told the directors that Mr. Des Brisay had been an efficient and industrious president, showing great interest and willingness to do a great deal of arduous work. He considered the association fortunate in having the services of a man of Mr. Des Brisay's caliber.

Members of the executive were elected to represent the various general areas covered by the association. These were: Main Line—C. R. Newman; North Okanagan—W. T. Cameron; Central Okanagan—J. R. Stirling; South Okanagan—George Lund; Kootenay-Creston—J. Hall.

B.C. Tree Fruits Governors The B.C.F.G.A. directors also recommended the names of the men who, in their opinion, should be elected as governors of B.C. Tree Fruits. B.C. Tree Fruits Ltd. is a limited company and the governors or directors are elected by the shareholders of the company. Therefore the B.C.F.G.A. only recommends the election of certain men as governors. However, the recommendation is tantamount to election as the recommendations have never been and will probably never be ignored.

Those recommended as governors were: Main Line—J. C. Hannah; North Okanagan—J. Goldie and T. Hill; Central Okanagan—L. E. Marshall and L. G. Butler; South Okanagan—W. R. Powell, A. Miller, W. H. Morris; Kootenay-Creston—J. Hall.

## CITY COUNCIL MAY PURCHASE SOME PREFABRICATED HOUSES

Consider Advisability of Buying Small Houses at Dawson Creek from War Assets Corp.

The advisability of the city purchasing a number of prefabricated houses to be sold by the War Assets Corporation at Dawson Creek, was considered at some length by the City Council on Monday night, when it was reported that a representative of the B.C.F.G.A. was going to Dawson Creek to make investigations, and probably purchases for the B.C.F.G.A.

It was suggested that these houses might be a means of easing to some extent and as a temporary measure the current housing shortage. If purchased, just how they should be handled was one of the problems which the Council generally assumed, that they would be plain buildings with little to recommend them as permanent homes.

It was understood by the Council that F. L. Fitzpatrick would represent Dawson Creek as representative of the B.C.F.G.A. and other sections of the fruit industry. It was felt that growers might be interested in some houses as harvest help hostels, while packing houses are interested in buildings 120 by 20 feet for accommodation for their help.

A Council committee was named to interview Mr. Fitzpatrick regarding the whole situation, outlining the Council's thoughts on the matter.

### KELOWNA WINS AT REVELSTOKE

Salmon Arm Ball Team Visits Here Sunday

With superb pitching by Gourlie, Kelowna won easily last Sunday, playing at Revelstoke, with a score of 11 to 1. Gourlie was very stingy with hits, only allowing 4, while Kelowna got 14 hits off 3 Revelstoke pitchers. For the first time this season our team played under favorable weather conditions, and before a very large and enthusiastic crowd. Although the score was very heavy, the whole game was very well played. When Salmon Arm visits Kelowna next Sunday, the public should be assured of being well entertained.

Mr. and Mrs. G. L. Dore have received word that their son, Flying Officer C. E. Dore, R.C.A.F., who is stationed in Burma with the Southern East Asia Air Forces, flew the first Allied transport plane to land in Japan since the Japanese invasion three years ago.

### LOCAL GIRLS LOSE AT VERNON

The Kelowna Elks girls senior ball team were defeated by a score of 14-13 when they met the Vernon team in that city on Sunday, May 27. The Vernon nine scored 12 runs during the first inning due to errors by the Kelowna girls but the following innings were close and exciting. The outstanding play of the game was the home run scored by Barbara Smith, of Kelowna.

Queen 1942-45" to retiring Queen Audrey. Signing of the Royal Register followed. It is a book containing a record of all May Queens at Kelowna's Empire Day festivities.

Members of the court of the Queen-elect included Eleanor Nichols, Benavoulin; Nellie Hordichuk, Black Mountain; Alice Ingram, Westbank; Angeline Martin, Mission Creek; Lois Matter, South Kelowna; Nola Gibbons, Okanagan Centre; Ruby Williamson, Winfield. The princesses were Patsy Rowcliffe, Kelowna; Betty Spencer, Rutland; Helen Long, Peachland; Rosemary Dunlop, Okanagan Mission; Ardyss Moen, Ellison; Doreen Elvedahl, Kelowna. They were chosen by their school mates to represent their districts at the celebration.

**Dancing Groups**  
Two groups of Rutland girls, dressed in white, who were trained by Miss Anderson and Miss Edwards, carried out the traditional English folk dances were delightfully presented by groups of girls trained by Mrs. H. W. Arbuckle, and a number of small girls, coached by Miss Pratten, gave a fine demonstration of Scottish dances.

At the conclusion of this part of the program, Queen Janet and her court were escorted to the grandstand, where they witnessed the balance of the afternoon's proceedings. Russell Stephens was master of ceremonies for the afternoon and he did his job exceedingly well. He gave a running commentary of the various events and did his best to make the people in the oval sit down so that others might see.

One of the most heart-warming and delightful events of the Empire Day celebration was the pet parade held in the Park on Thursday morning. It was a long anticipated occasion, judged by the eager little lads and starry-eyed maidens who started wending their way to the Park at a very early hour accompanied by their beloved pets. There were kittens and hens in bird cages, turtles in flower bedecked doll carriages, a goat harnessed to a cart which contained a lamb, large dogs and small ones, horses and ponies, rabbits, chickens, pigeons, love birds, frogs and gold fish, many of the pets decorated with gay ribbons and huge bows. A bright-eyed monkey was the centre of attraction, being greeted both with hand and admiration by the boys and girls.

**Prize Winners**  
Prize winners in the pet parade were as follows: Large dogs, Sherman J. Simpson, Charles McKee, Vaughan Hooper; medium dogs, Dan Cummings, Raymond Leabeller, Shirley McClure, and a fourth special prize to Ian Stibbs; small dogs, Lola Close, Tony Stolz, Alice May Harlow; long hair cats, Thelma and Reba Gagnon, Peggy Drinkwater, Linda Hansen; short hair cats, Barry Boucher and Allison Cummings, Patty Johnston, Sheila Weiser; rabbits, Jimmy Stuart, Isabel Meiser, Lorna and Ernest Rankin; chickens, Phyllis Hill, Jim Pollard, Lois Underhill; other fowls and small birds, Albert and Walter Gibb, Cecil and Shirley Hepner, Billy Stirling; small horses and ponies, Ruth Borrett, Diana Davis, Linda Newby, fourth special to Valerie Cookson; lambs, kids, goats, etc., Linda Wilson, Betty Bubb, Mary Cameron; miscellaneous, Monty DeMara, David Hesselgrave, Gail Eberton and special prize to Elsie Kaiser.

Pets were judged mainly on appearance, grooming, condition, evidence of kindness, originality in display, etc., but no points were allowed on pedigree. Every child entering the parade received a small flag, and prizes were in cash, with 35 cents for first, 25 cents for second, and 15 cents for third.

**Decorated Bicycles**  
Decorated bicycles made a nice display during the holiday procession.

### FENCED IN; COMPLAINS

J. D. Goode has complained to the City Council that neighbors have fenced in a section of Central Ave. and a lane, using his fence as one boundary, and in the enclosed area have pastured horses, which have broken down his fence. He fears if the condition continues fruit trees he has planted will be damaged. He also objects to access to his property from the street and the lane being blocked.

On Monday night the City Council referred the matter to Alderman Ladd for investigation.

First prize was won by Joan McKelvey, second by Ethel Hill and third by Linda Ghezzi.

**Track Events**  
Well managed track events were run off during the afternoon in front of the grandstand. Results were as follows:

**Foot races:** Girls, six and under, Barbara Marshall, Jerry Wilson, Roberta McKee; boys, six and under, Norman Jacob, Danny Ferguson, Billy Ruzick, girls, eight and under, Loretta Clark, Mary Mary, Maureen Allen; boys, ten and under, Fred Fowler, Dixon Rowley, Barry Smeeth; girls, twelve and under, Antonia Moser, Ruby Rauch, Marjorie Walker; boys, twelve and under, Doug Stranaghan, Billy Roth, Doug Stranaghan; girls, 14 and under, Elizabeth Wohl, Antonia Moser, Irene Schmuland; boys, 14 and under, Kibex Araki, Vic Wedder, Edna Nicholas and Marjorie Walker, second.

**Bicycle races:** Girls, 14 and under, Joan Voght, Betty Foss, Ruby Rauch; boys, 12 and under, Chris Locock, David Papay, Doug Simpson; boys, 16 and under, Roland Avanthay, M. Kinoshita; slow race, mixed, 14 and under, Darryl Delcourt, Betty Foss, Edna Brumund.

**Interesting Contests**  
Much interest was taken in the box making and apple packing contests. Equipment was set up for three contestants in the box making event, each contestant to make 25 boxes. One was not able to complete his task, due to an arm cramp. Charlie Smith came first, completing his boxes in 13 minutes and 9 seconds and winning a \$20 prize. He was followed closely by Jim Clark, whose time was 13 minutes and 35 seconds. He was awarded a prize of \$10.

Three apple packers demonstrated efficiency at their work when giving a demonstration before a large gathering of spectators. Dummy apples were used, but otherwise the action was just the same as that used in local packing plants. Mrs. S. Gregory finished in one minute and 48 seconds for first place, and Mrs. Percy Rankin and Agnes Runger tied for second. First prize was \$20 and the second prize of \$10 was divided.

**Fastball Games**  
Fastball games drew good crowds during the Empire Day celebrations, with all events featuring girls teams and Rutland capturing the final honors in the play-off game against Kelowna with a score of 35 to 13. In the first game played Rutland and East Kelowna met with the former coming out on top with a score of 11 to five. Okanagan Mission and Kelowna won the second game played with the final score being 22 to two in favor of Kelowna.

### GLENMORE HAS WELCOME PARTY FOR SERVICEMEN

The Glenmore Young People's Social Club gave a welcome home party in the school last Friday evening in honor of Cpl. Cyril Moubrey, R.C.A.F., and Mrs. Moubrey, and F.O. Bert Hume, who have returned home recently from overseas. There were over sixty present, to enjoy a happy evening of dancing to the music of Mrs. Haldane, Miss Mosler, Giesinger, and Milton Carlson. At the close all joined hands around the three home-comers, and sang "For They Are Jolly Good Fellows."

In the obituary of the late Mr. Isaac Kerr, in the Courier issue of May 17, we regret that we inadvertently missed the name of Mrs. F. S. Moodie, of Montreal, a sister, who still survives.

Linda, daughter of Mr. and Mrs. M. D. Wilson, is very proud of winning first prize on her baby goat, in the pet parade on May 24.

Cpl. Art Reed, R.C.A.F., physical training instructor, who had been home on leave from Clearholm, Alberta, has been transferred to Moncton, New Brunswick, and left early last week for his new training camp. Mrs. Reed and children remained in Kelowna.

Mrs. E. Snowsall, North Glenmore, spent last week-end in Penticton and Naramata.

Mrs. G. W. H. Reed is visiting at the home of her daughter, Mrs. Fred Paul, in Penticton.

Mr. and Mrs. H. S. Best, of Vernon, spent Sunday at the home of Mr. and Mrs. H. J. Harden.

Mrs. Percy Rankin, Glenmore, tied for second place in the apple packing contest on May 24.

## PROVINCE PLANS HIGHWAY MAINTENANCE

Increase of 6,000 Miles—Peace River Road Tenders Called

It is estimated that in addition to the ordinary road maintenance work, another 6,000 miles of road maintenance will be carried out this year under the continuance of the scheme whereby a special appropriation of \$1,000,000 was set aside by the Government for extraordinary road upkeep. It was announced by the Hon. Herbert Anscomb, Minister of Public Works, included in this extraordinary road maintenance work will be approximately 180 miles of sealing and black top work.

Last year, there were carried out six thousand miles of repairs and maintenance for the ordinary vote and 6,300 out of the extraordinary appropriation. This year, the program will be approximately the same so that by the end of the season, more than 20,000 miles of road will have been covered in the two-year period.

**Road Contracts Let**  
The road paving program this summer calls for 55 miles of new surfacing and 128 miles of resurfacing. Contracts awarded to date are as follows:

Cranbrook, Fernie, Grand Forks, Greenwood, North and South Okanagan and Similkameen Electoral Districts—Dawson Wade, \$81,404.

Columbia, Kamloops, Lillooet, Revelstoke and Salmon Arm Electoral Districts—Williams & Carrothers, \$30,867.

Lower Mainland—Columbia Bitulithic, \$50,542.

Vancouver Island—Commonwealth Construction, \$46,740.

**Peace River Highway**  
Widespread interest is being taken in the tenders called for the construction of an outlet for the Peace River District, the largest road project by British Columbia in several years.

The contract is expected to be in the neighborhood of \$6,000,000. A total of 20 Canadian construction companies have indicated their interest in this undertaking. The deadline for tenders is June 26.

**LIFEBOATS CARRIED BY AIR**  
Many Allied airmen owe their lives to the perfecting of a lifeboat which can be carried by air and dropped by parachute to crews that have been forced to come down in the sea. The lifeboats, which are equipped with both engines and sail, are capable of travelling considerable distances, and they carry provisions, first aid equipment, radio and methods of attracting the attention of would-be rescuers.

## NEW PLANS FOR STUDENTS' ASSISTANCE

Department of Education Announces Plans for Financial Help

Hon. H. G. T. Perry, Minister of Education, has announced that the Department of Education is now ready to implement the policy of the Government, endorsed by the Legislature at last session, to provide a greater measure of assistance to students of proven academic worth who desire to continue their work at institutions of higher learning.

For several years the B. C. Government has shared equally with the Dominion Government in a bursary scheme, and this has grown from a modest beginning in 1939 of \$5,000 to a total expenditure of \$60,000 in the fiscal year 1944-45.

The Government believes this to be an excellent method of equalizing educational opportunity among our people, but it also believes that students who are assisted financially should be prepared to undertake the repayment of at least part of the money provided them during their period of training. For this reason, the B. C. Government has provided an additional \$40,000 this year, from which loans will be made to students.

The two schemes are to be combined, making \$100,000 available towards equalizing the opportunities of higher education. Students who apply for assistance will estimate the extent of their needs and, when this has been approved by the committee making the awards, assistance will be granted on the basis of 60 per cent bursary and 40 per cent loan. An undertaking will be required to repay the loan, either in whole or in instalments, commencing one year after entering gainful employment. The loan will not bear interest until the first payment is due. By this means the Government feels that those students whose academic standing and industry warrant Government assistance will welcome the opportunity to return this portion of the money when they are financially able to do so, and thus make it possible to establish a revolving fund from which future students may be assisted without undue strain upon the public purse.

These bursaries and loans will be available to students who wish to attend the University, Victoria College, or the Normal Schools; fee-paying students attending technical or vocational schools; and those within our province who have to move away from home in order to further their higher education. No student will be assisted to attend an institution outside British Columbia if the course desired is offered at an institution within the province. It is provided that no loan may exceed \$200 in any one fiscal year.

Col. F. T. Fahey, Director of Technical Education, is now preparing the necessary application forms and announcements, which, it is hoped, will be ready for distribution about the middle of June.

## PLANNING TODAY ENSURES PROSPERITY TOMORROW

BRITISH Columbia may look forward with confidence to her economic future. Spared from the ravages of war, blessed by abundant and diversified natural resources, this province is more favorably placed than any other economic area of Canada. Her per capita wealth is the highest in the Dominion, her industrial development has been most active, her geographic position is unequalled.

Naturally, our provincial finances reflect these conditions, especially by the manner in which we have been able to conserve funds to provide for tomorrow's needs. Notwithstanding the borrowing of approximately \$47,110,000 for sundry purposes, the gross debt of the province has been reduced, since 1933, by \$16,256,000 and now amounts to \$150,743,000. During the same period the net debt was reduced by \$4,399,614 to \$132,419,000, resulting in a decrease of \$1,874,000 in debt interest payments annually. The credit of the Province has never stood higher than now.

A comprehensive programme of post-war public works has been adopted—\$18,600,000 for new highways, \$7,000,000 for provincial buildings, \$5,000,000 for University extensions—a total of \$30,600,000, nearly one-half of which will be financed by revenue surpluses.

Other far-reaching plans include the new "Power Act," under which a Commission will be enabled to acquire, construct, expand and operate electric power systems at cheapest possible rates.

No other economic area of Canada has provided for the needs of tomorrow in such a generous manner. Thus, the task of "winning the peace" in British Columbia is made easier. The time will come when we shall look back with pride upon a notable contribution, not only toward winning this greatest and most devastating war, but also to the establishment of an enduring peace.

## INVENTS BRITISH POCKET TRACTOR

A new "pocket" tractor, low-priced and with small running costs, which enables even small fields to be mechanized, has been designed and produced by a British manufacturer. This is a track-laying type tractor, powered by a small 5 h.p. engine. It was specially designed for work in areas of soft or water-logged ground or steeply sloping fields—conditions under which the wheel-tractor is not suitable. It is now also being used with great success in small fields and in market gardens, where, owing to its small size, it is able to work nearer to the edges of fields.

## Kelowna Sea Cadets Performance Creditable During Inspection

**Take Steps to Bring Local Corps Up to 100 and Recruit for Boys Between 12 and 17 Inclusive**

The annual inspection of the Kelowna Sea Cadets was held in the Armories on Wednesday, May 23. The inspecting officer was Commander K. C. McTae, R.C.N.V.R., Area Commanding Officer, who was accompanied by Lieut Morgan, R.C.N.V.R.

The Corps put on a very creditable performance. The ship's company was first inspected by Com. McTae, after which they marched past on Gleyser Ave. They were taken in platoon drill by the Petty Officers. Following this classes in seamanship, fire drill, abandon ship and first aid, all came in for very careful scrutiny. Although no official report will be received for some time yet, to judge by Com. McTae's remarks to the Corps, he was well pleased with what he saw.

Naval service is very much alive to the importance of the work and training of the Sea Cadets not only for the purpose of supplying recruits for the Royal Canadian Navy and Merchant Navy but also for the purpose of teaching the lads to grow up into good citizens. In addition to the discipline, the other subjects will be found very useful to the lads in after life. Additional assistance in the way of equipment and instructors will be provided as time goes on and the calls for war are not so heavy.

The Area Commanding Officer is anxious that the strength of the Kelowna Corps be raised to one hundred and with this end in view the Corps is now open to take in recruits between the ages of twelve and seventeen. Boys joining within the next few weeks will be eligible to go to camp with the Corps on July 18th. It will, however, be necessary for them to give satisfactory assurance that they will remain with the Corps after their return.

The band came in for very favorable comment during the inspection. Considering the very short time they have been in existence, they are good. Much of the credit for this is due to Harold Marshall, who has devoted much time and effort to their training.

## C.W.A.C. WANTS MORE RECRUITS

**Recruiting Officer Visits City Stressing Urgent and Immediate Need**

Recruiting for the Canadian Women's Army Corps continues and an urgent appeal is being made in the Okanagan Valley for girls to join up. Clerical workers are greatly in demand or girls who have qualifications for training in that department.

"The war is not over. We still have a big job to do and a great deal of administrative work is nec-

essary in connection with the Pacific war. We do need more girls." So spoke Captain Naomi Page, of Vancouver, who was a visitor to Kelowna Monday on a recruiting tour accompanied by Capt. E. A. May.

Both the Air Force and Navy have ceased recruiting for women but the Army has not. Women are being used in administrative work in great numbers and more are needed with the campaign now on endeavoring to secure 500 monthly across Canada.

Local girls interested in joining the C.W.A.C. are asked to please get in touch with Sgt. Ritchie at the local Armories. If their qualifications are suitable they will be dispatched to Vancouver to go through the Medical Board in that city.

## LOCAL MAN ON THE SHAH

**Lieut. R. H. Wilson on Carrier In the News**

Local interest in the announcement last week that the escort carrier H.M.S. Shah had played a leading role in the sinking of a Japanese raider of the 10,000-ton Nati class on May 16, in the course of a daring raid into the Malacca Straits, near Singapore, centred in the fact that Lieut. R. H. Wilson, R.C.N.V.R., is a member of her crew. Mrs. Wilson and her two daughters have resided at 288 Riverside for the past three years.

The Shah is one of fourteen escort carriers of the "Ruler" class built by Kaiser Shipyards, at Vancouver, Wash., and Tacoma. Uncompleted, they were brought to Vancouver and finished by the Vancouver Drydock Company.

Lieut. Wilson was present at the fall of Singapore, escaping to Java and India. He subsequently served on a cruiser in the Mediterranean which was torpedoed during the invasion of Sicily. He was granted leave and spent two months here in the fall of 1943, joining the Shah when it was commissioned in Vancouver. The remainder of the crew are British.

A stall each of tulips and pansies, fancy work, home cooking and "white elephants" drew a crowd at the tea and bazaar sponsored by the Ellison Girls' Club on Friday, May 18, at the Bulman home. A program added to the entertainment. It consisted of a dance, Sailor's Hornpipe, by Miss Helen McGarvie; Swedish Polka, by Misses Betty and Peggy Spencer; guitar duet, by Misses Louise and Ing Herling; and songs by Misses Ardy's Moen, Eva Teorek and Helma Herring. The proceeds of the affair amounted to \$26, which will be used in Red Cross work.

Mr. and Mrs. W. Mack had Mrs. Twiname, of Peachland, as a visitor last week.

The C.C.F. has not the money to buy enough space to answer all the misstatements. Here are the answers to a few of the more glaring falsehoods:

## FALSE

1 "The C.C.F. will take away the people's savings and life insurance."

2 "The C.C.F. will destroy the small businessman and individual enterprise."

3 "The C.C.F. will mean regimentation and dictatorship."

4 "The C.C.F. is National Socialist."

5 "The C.C.F. will bring all the Japanese back to the Coast."

## TRUE

1 This is outright falsehood. The C.C.F. says: **THE MONEY WHICH THE PEOPLE HAVE EARNED, RIGHTFULLY BELONGS TO THEM** whether it is in bonds, insurance or savings accounts. The C.C.F. will guarantee the people's savings with all the resources of the nation.

2 Another untruth. **THE C.C.F. HAS NO INTENTION OF TAKING OVER SMALL BUSINESS.** Today, small business and individual enterprise suffer from three handicaps: (a) unfair competition from big combines; (b) difficulty of getting credit; (c) reduction in business through depressions.

The C.C.F. will remove these handicaps—will end monopoly control—provide credit at cost—and through jobs for all, will assure steady purchasing power.

3 On the contrary, Big Business itself regiments Canadians through unemployment, high prices, low wages and exploitation of the farmer. **THE C.C.F. WILL END THIS REGIMENTATION.** It will enrich our democracy by adding freedom from want and freedom from fear to the precious right of the ballot box.

4 This is the most shameful lie of all. The term "National Socialist" was invented by Hitler to cash in on the popularity of genuine socialism. Once in power he proceeded to exterminate all democrats and socialists, while Big Business all over the world dealt with him and helped him.

5 A lie. The C.C.F. will resettle Japanese Canadians in small groups in all the provinces. The C.C.F. is the only party with a policy that will end the Liberal and Conservative policy of using these people to undercut wages and increase profits for big business.

## D 208 - THE DREW GESTAPO

The sensational exposure that Premier Drew, in Ontario, has been using secret police **PAID BY THE TAXPAYERS' MONEY**—not for the safety of the people—but to spy on the C.C.F. and other citizens, is now known across Canada.

Canadians are shocked by this disclosure. This exposure, proven by fact and affidavit, discloses that the paid agents of Big Business have been working hand in glove with Drew's secret police. It shows how far Big Business is going in its campaign to stop the C.C.F. at any price.

The lies about the C.C.F. shown above in this advertisement are a part of the same campaign. The coast to coast advertisements, broadcasts and literature distribution by Public Information Association, General Relations Services, Limited, and others are also part of the same slander and falsehood financed by Big Business at a cost of millions of dollars.

**FELLOW-CANADIANS**—for your own security in the difficult years ahead—it is your **DUTY** to judge the facts sanely. **REASON BASED ON FACTS, NOT FEAR BASED ON LIES AND SLANDER, MUST GOVERN OUR DECISIONS.**

**THEIRS THE REWARD OF A JOB WELL DONE**

VICTORY is ours in Europe, but the workers of British Columbia are not pausing on the road to the final defeat of the enemy in the Pacific.

The war record of British Columbia is a proud one. Great achievements in action, with five Victoria Cross winners and the second largest number of volunteers in all Canadian provinces, and on the home front a series of increasing production records. The men and women who worked on our farms, in the orchards and the packing houses provided the "fruits of victory"—those who toiled in forest and mine, the sinews of war.

Truly, the workers of B.C. have earned the reward of a "Job well done."

## 2 COMMUNITY COUNSELLOR

From Page 1, Column 4  
that the more satisfying the menu can be the less likelihood there will be that the members will wan-

der out to the cafes; that the Canteen will meet their requirements and keep the "gang" together.  
"Contact was made with the Aquatic Club by the Teen Council with a view to making arrangements to hold the Canteen activities in the Aquatic club-house during the summer. The result of this contact is that the Teen Council has been asked to nominate a teen-ager to the Aquatic directorate. This is a move to give the Council of Teen Canteen greater scope in a city pro-

gram.  
"The story behind the initials J.J.U. is simply that of the eager lad wanting to earn some pocket money and the householder who wanted a willing boy to cut the lawn or chop some wood. The two are able to satisfy each other through Juvenile Jobs Unlimited. The scheme includes girls as well. From the point of view of the Community Counsellor there is afforded him the opportunity of contacting boys and girls that, in the ordinary way, he would not meet. With the use of a service card system of reporting the progress of each employee, the Counsellor is able to know considerable of the child's attitude to life and where necessary to counsel him or her.

"A leadership training course was drawn up with a view to equipping prospective leaders for recreational work in the community. The real sponsor numbers eight people who offered to receive instruction. There are probably adequate excuses for such a poor response; for many it is the beginning of the busy season and for some others the course did not meet their needs in leadership. Another such opportunity for training will be offered in the fall.

"The recreational questionnaire, sponsored by the Social Welfare committee of the Junior Board of Trade, is being completed by the school children, and when its answers are being tabulated the real spare-time need, as expressed by the children, will be discovered. Then we will be faced with the tangible facts of recreational needs and also the need for trained leaders."

During April the Counsellor made 39 contacts, including court sessions, investigations, reportings, medicals, child welfare and preventive work. He met with 24 organized groups, representing approximately 1,147 persons, and had appointments with 104 individuals regarding group work and six other individual contacts, making a total of 174 personal contacts during the month.

**January Report**  
When Mr. Morrison commenced his duties here in January his first step was to conduct a survey of the various programs in the city arranged for boys and girls by different organizations. After doing so, he recommended formation of an executive body to investigate possible recreation projects, which would include park and playground supervision; a kindergarten nursery to look after small children during the packing season when mothers are working; a weekly party or dance suitable for teen-agers; establishment of hobby classes; better scheduling of gym floor space to help facilitate development of basketball; close co-operation with Pro-Ree activities; encouragement of home supervision of children by promotion of back yard playgrounds. Mr. Morrison spoke of the value of contacting key people who would be interested in assisting with this recreational development. Such was the gist of his January report.

**Vocational Training**  
The question of vocational training for boys who have appeared in Juvenile Court here was brought up by Mr. Morrison in February. He said that in the majority of cases these boys have left school and are totally unskilled to contribute more than unskilled labor. In all cases, even that of unskilled labor or ability, they lacked a disciplined

## OK. CENTRE W.I. HAS SPRING SALE

Financial Results Satisfactory and Prizes are Won

The annual Spring sale put on by the Women's Institute was held last Wednesday evening at the Community Hall. The attendance was not as good as might be desired but the financial results were satisfactory. Prizes for the Victory quiz, organized by Mrs. Hawkey and Mrs. Venables, were freely distributed, while the cake presented by Mrs. Macfarlane was won as a prize in the guessing contest by Mr. St. Jean. The stalls were convened by Mrs. Harrop and Mrs. Reeve, Sr., who did a brisk business, selling out early in the evening and the banquet, presided over by Mrs. Van Aekeren was a lively spot.

Mrs. Fallow and Mrs. Hargrove were in charge of the refreshments.

Mrs. Carter has had for a guest the past week Mrs. H. Gled, of Vancouver.

Mrs. W. P. Pixton was a Vernon visitor over the week-end.

personality. Their appearance before the Juvenile Court judge was an indication of maladjustment and was a warning that their social outlook is not in focus. The fact that the Juvenile Court has only corrective powers and not punitive places the responsibility for the child's behavior on the community. The Counsellor stated, he reported the teen-agers asking for guidance in the organization of their social program and steps which were being taken in this regard. During the month, Mr. Morrison had 39 interviews in the office and 1/2 outside. He gave three addresses and attended nine meetings and four sessions of the Juvenile Court.

**March Activities**  
Major developments of March activities show Mr. Morrison working with the Social Welfare committee of the Junior Board of Trade, in connection with the panel discussion of "Youth in Crisis" a questionnaire was circulated throughout the schools of the city to gain information regarding sparetime recreation which appears to the youth. The Counsellor was elected secretary of the Junior League. He spoke to the school teachers outlining his purposes as a Community Counsellor.

In connection with preventative work, Mr. Morrison made 53 contacts during the month and four contacts with Mrs. Baldwin in regard to child welfare cases. Fifteen boys, as requested by the Magistrate, reported to the Counsellor during March, and 28 cases were investigated as well as four court sessions attended. Contact was made with 16 organized groups and 34 individual contacts were made in connection with programs. Total contacts made for program work numbered 81.

In summing up his activities over the past months of January, February, March and April, Mr. Morrison is convinced that recreational activities form just half the job of a Community Counsellor, and that the other half, to make a perfect whole, is in connection with child welfare development.

## FISHERMEN FIND LAKE COVERED WITH DEAD FISH

Experimental Farm Speaker Addresses Westbank W.I.

Would-be fishermen from Westbank were disappointed recently when they reached Fish Lake to discover the surface of the lake covered with dead fish. Unable to account for this, they are of the opinion the fish may have been trapped between two layers of ice during the freezing and thawing weather of this past winter, and suffocated to death.

Mr. and Mrs. J. W. Maddock and party, who took Mr. Paynter up to the Irrigation Dams of the Westbank Irrigation District, last Tuesday, had a successful day's fishing at Bear Lake, arriving home with about forty trout. Mr. Paynter returned home Sunday.

C. Butt and F. Jones left Tuesday for a fishing trip to the Falkland district.

L/Cpl. Mike Valkin is spending a few days with his wife at her grandmother's home, Mrs. E. Stubbs. Sgt. Mat Hicks arrived home Sunday, and is a visitor at the home of Mr. and Mrs. A. E. Drought.

The Westbank Women's Institute held their usual monthly meeting at the home of Mrs. H. Hardwick. Mr. Tait, of Summerland Experimental Farm, gave an interesting talk on lawn. Each member will receive a wallflower plant from Mr. Tait.

Mrs. E. Stubbs spent a couple of days in Peachland last week, visiting her daughter, Mrs. Munro.

Mrs. Chas. ... and two daughters, are visiting her parents, Mr. and Mrs. Hitchner.

## FEW STUDENTS HERE FOR FARMS

Must Attain High Average in Studies Before Permission Granted

Not more than half a dozen Kelowna High School students will leave the classes because there is

leave their studies on June 1 to go out to farms, according to the principal, W. J. Logie. Before a student is permitted to leave school to help with ranching or farm operations, he must have attained a high average in his school studies and also produce a letter from the one wishing to employ him stating when he is wanted for farm labor.

Mr. Logie states that the teachers are not keen on having the students produce a letter from the one wishing to employ him because there is

still much work to be completed before the end of the school term. The school principal states that about ten students left their studies early last year to assist with farm work but not as many have applied this year.

A representative of the National Film Board of Canada has gone to Australia to open a branch office of the Board.

## THE OLD PARTIES ADMIT FAILURE

- 2,000,000 new jobs are needed after the war. Yet, private enterprise plans to cut 1943 employment by at least 10%.
- A recent Government survey of industry's post-war plans proved so damaging to private enterprise that the Liberals banned it. The Cabinet refused to release the report to the press.
- A private enterprise spokesman, C. H. Carlisle, president of the Dominion Bank, warns against:

"believing that post-war conditions will be free from want, free from fear, free from unemployment and depressions . . . We (private enterprise) are at a loss . . ."

This evidence proves that the Liberal-Tory-private-enterprise groups stand solidly opposed to progress and the realization of a decent secure future.

### WINS BUILDING APPEAL

The appeal of Bertram M. Charters against the building inspector's ruling has been granted by the appeal board. It was reported to the City Council on Monday night.

Mr. Charters, who operates a greenhouse on Lot 18, r. p. 578, Borden Avenue, had asked for a permit to erect an addition 18 by 18 feet. The building inspector had refused as the district was a residential zone.

Mr. Charters, who operates the former Lloyd greenhouses, consequently took the matter to the appeal board.

## KELOWNA MEN IN FORESTRY CORPS CUT NAZI TREES

German Spruce and Pine Used for Road and Bridge Building by Canadians

Members of the Canadian Forestry Corps overseas are working hard in German forests cutting timber for corduroy roads, bridging and bridge-piling, including Sgt. E. C. Boucher, of Kelowna. Major O. V. Maudslayi, of this city, is also with the British Liberation Army attached to 7th Canadian Forestry District "B".

It is estimated about \$100,000 worth of German spruce and pine have been cut. A careful record is kept and one day in the far future may appear as German credit on war reparations balance sheet, according to a war correspondent in that area.

The whine of big 48 inch saws echo through the forests and might easily resemble a Canadian scene. One of the big difficulties is that, as each log is rolled towards the mill, eagle-eyed axemen examine it with extreme care and hack out the pieces of shrapnel that might ruin the saw.

Lumbering operations in these forests are not without hazard. Although most minefields are marked by engineers, Canadians sometimes come across unmarked mines. They are not just slashing trees indiscriminately in Germany, but are following a recognized forestry practice. It is estimated that far more damage has been done by the war itself, for in spots where acres of forest are splintered and torn by shell fire, trees are broken off 10 or 12 feet above the ground and toppled to earth with not a single tree upright for hundreds of yards at a stretch.

### WOOD DEALER'S LICENCE

Fred Hoffman, of Westbank, has been granted a trade licence to operate within the city as a wood dealer. The licence fee of \$5.00 was paid with the application.

### OPEN COMMITTEE ROOM

Labor-Progressive Party committee room for the forthcoming election, June 11, has been established at No. 6, Buckland Block, on Borden Ave., and opened on Tuesday, May 29.

## PYTHIAN SISTERS VISIT VERNON

Pythian Sisters in District 3, including some from the recently formed Temple in Kelowna, attended a District Convention at Vernon, May 15th. Representatives were present from Revelstoke, Penticton, Enderby, Lumby, Kelowna and Vernon. It was the first event of this kind to be held in that city and Grand Chief Nellie Butcliffe, who attended the opening of a Temple in Kelowna on May 11, was present for the occasion.

### HARD SURFACING

Graveling in preparation for hard surfacing, commenced on the Okanagan Mission road on Monday, May 21, and will cover an area of two and a half miles, extending from the bridge at Boyce's slough to the store at the Mission. The work is a part of the Provincial Government project and it is hoped to have the job completed in six weeks, if labor is available.

### KELOWNA DELEGATES TO LEGION CONVENTION

Dave Addy and W. J. Anderson left for Revelstoke where they attended the convention of the B.C. Command of the Canadian Legion being held there from Saturday, May 26, to Wednesday, May 30.

### BUILD NEW GARAGE AND WORKSHOP

The first sod was turned Tuesday morning, May 29, preparatory to erection of a garage and workshop by D. Chapman and Co. Ltd., on Lawrence Ave. east of their present quarters. The new building will be a cement structure 31 by 75, and is expected to be completed in approximately six weeks. Some recent alterations have been made in the present quarters, known as D. Chapman & Co. Motor Hauling, providing more office space.

Miss Lily Patterson returned on Tuesday night after spending the week-end with her niece, Miss Charlotte Patterson, R.N., at Walla Walla, Wash. Charlotte, daughter of Mr. A. L. Patterson, received the degree of Bachelor of Science at the graduation exercises of Walla Walla College.

F./A. Ralph Herbert has been transferred from White Horse, Yukon, to R.C.A.F. Headquarters, Rockcliffe, Ontario.

## DOUK DEDUCTION LETTER CAUSES RESENTMENT

Some Growers Ignore It—Penticton Red Cross Protests

Whether or not growers throughout the Okanagan will pay very much attention to the order issued by J. L. DeVoin, alternative selection officer, to deduct \$5.00 per month from the wages of Doukhobors eligible for military service and to remit the money to the Red Cross, is a matter of conjecture and no clarification action was taken by the directors of the B.C.F.G.A. meeting here last Friday.

All growers from Kelowna south have been sent a letter from Mr. DeVoin outlining the requirements. Doukhobors between the ages of 18½ and 38 and single are supposed to contribute \$5.00 per month to the Red Cross as an alternative to military service.

While there has been no general reaction in the Central Okanagan on the part of growers who have received the letter, there has been definite resentment in the southern area. The viewpoint there is that labor is scarce and Douk labor is difficult at the best of times and to attempt to collect this money would only result in friction which might result in the loss of labor to the grower. It is felt that most growers, rather than create the friction, will pay the levy out of their own pockets.

The Penticton Red Cross branch has written the provincial body protesting vigorously against the practice. They claim it will result in harm being done the Red Cross efforts in that area.

President G. DesBrisay, of the B.C.F.G.A., told the directors that in a very close game, the correspondence with Mr. DeVoin on the matter and as far as he could learn the deductions were "voluntary" and that growers could not be compelled.

He pointed out that Mr. DeVoin stated that as yet there had been no indication of resentment on the part of the Doukhobors and that many were making voluntary deductions. Mr. DeVoin stated that those who were most active of their criticism of the regulation were the ones who were most vociferous in the advocacy of strong action being used with the Doukhobors a couple of years ago. Now that some steps are being taken to obtain some measure of co-operation from the Doukhobors, there is a strong feeling of antagonism from the Okanagan.

Apparently whether or not growers will pay any attention to the letter regarding the deductions, depends upon the individual grower. Some, it is said, are making the deductions and will continue to do so, while others will probably pay no attention to it.

## PROVINCE'S GRUBSTAKE PLAN

So far this season, between 35 and 40 persons have taken advantage of the Provincial Government's grubstaking plan whereby a prospector may receive up to a maximum of \$300 by way of a grubstake and up to \$200 additional for travel, it was announced by the Hon. E. C. Carson, Minister of Mines.

The prospectors are being sent mostly to five outstanding localities as follows:

The Haines road district in the Atlin Riding;

The Macon-Takla District in the Omineca riding;

The east side of the Coast Range southeast from Whitesail Lake in the Dean and Bella Coola Districts;

The Hope-Princeton road and district and the territory east of Duncan River in the East Kootenays.

In making this announcement the Hon. Mr. Carson stated that greater type of prospecting this year, the prospector being asked to search for all types of minerals but more especially for gold since it is felt that the precious metals will now be coming into their own as the demand for base metals recedes.

It is too early yet to know to what extent veterans of this war will take advantage of this service as there have not been sufficient numbers discharged to make a proper test. It is hoped, the Minister stated, that veterans will take advantage of this scheme so that they may not only benefit themselves but open up new fields of wealth for the country.

## HART SAYS MEETING CALLED

Hon. John Hart, Premier of British Columbia, replying to a letter from the Kelowna Board of Trade pointing out the hardship of just outside the city limits in provincially-controlled areas, stated that a meeting of representatives of the various governmental parties concerned is being held in mid-June to discuss all aspects of the situation and to seek some solution. The sewage disposal, the water supply, the general health question and building regulations will all be thoroughly investigated, Mr. Hart stated.

### COUNCIL TURNS DOWN SUBDIVISION PLAN

The City Council has supported the opinion of the City Engineer that the subdivision of his property as proposed by Cameron Day is not suitable. Mr. Day proposed to take the rear one hundred and twenty feet of his property between Cadder and the extension westward of Glenwood and divide it into four sixty-foot lots. It was pointed out that this did not permit for any service facilities to the rear of the properties and for that reason the Council could not approve.

TENDERS FOR COAL

(Western Provinces)  
SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Coal for Western Provinces," will be received until 3 p.m. (E.D.S.T.), Wednesday, June 13, 1945, for the supply of coal for the Dominion Buildings and Experimental Farms and Stations, throughout the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa; the District Resident Architect, Winnipeg, Man.; the District Resident Architect, Saskatoon, Sask.; the District Resident Architect, Calgary, Alta.; and the District Resident Architect, Victoria, B.C.

Tenders should be made on the forms supplied by the Department in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque, if required to make up an odd amount.

By order,  
J. M. SOMMERVILLE,  
Secretary.  
Department of Public Works,  
Ottawa, May 17, 1945. 44-2-c

## PREPARES FOR CONFERENCE

In preparation for the Dominion-Provincial conference, Neil Perry, Director of the Bureau of Economics, has been assigned especially to this work to assemble and prepare the data necessary to carry on discussions at that meeting. It was announced by Premier John Hart.

The Province has indicated its willingness at all times to attend such a conference when called, and is quite prepared to discuss a re-adjustment of Dominion-Provincial financial affairs, provided that in that re-adjustment the social standards and living conditions of the people of this province are not brought down to the level of other parts of Canada.

Mrs. Ira Swartz, Vancouver, has arrived in Kelowna to spend the summer months, and is the guest of Miss Sylvia Sutton, at her home on McDougall Avenue.

**BOARD'S HELP APPRECIATED**  
The Kelowna Board of Trade has received a letter of appreciation from the Okanagan Mission local of the B.C.F.G.A. expressing that body's appreciation of the assistance given by the Kelowna board in the matter of obtaining action from the Department of Public Works in work on Sawmill Creek. The letter states that had the appeals to the department not been successful and excellent work done, there would have been great damage to property as a result of the freshets this year in the creek.

**MAY HOLD MEETINGS**  
On the understanding that no public address system will be used, the City Council has consented to the Bethel Baptist Church holding open air meetings between eight and eight-thirty on Saturday evenings during the summer months on the north-east corner of Bernard and Ellis Streets. This is the Imperial Oil service station property, and the owner is said to have consented.

**MRS. MILKE VATKIN**, nee Betty Stubbs, who has recently received her discharge from the W.A.A.C., arrived in Westbank Friday and is residing with her grandmother, Mrs. E. Stubbs.

**Second Match For Cricket Trophy Puts Kelowna and Vernon on Parity**  
The second cricket match of the series for the Spencer Cup emblem of the championship of the Okanagan Valley, was played on the Kelowna City Park oval on Sunday in ideal weather. An enjoyable game resulted in victory for Vernon by 112 runs to 78 for Kelowna, thus evening up the standing, Kelowna having won the first game, played at Vernon on May 6, by 134 to 48.

The outstanding feature of the day's play was a splendid innings by W. Palmer, Jr., who really won the game for his side by running up 72, which included eight fours. The only other batsman of the Vernon eleven who reached double figures was V. Richards, who contributed a useful 20.

For Kelowna, W. Carr-Hilton, who was high bat in the previous match with 42, was again top scorer with 26, while D. Carr-Hilton was responsible for 15.

There was available time, Kelowna went in again for a second innings which yielded a total of 73 (J. Kitson, 14; C. Rawson, 11; M. Painter, 10; E. Matthews, not out, 13), but the match, of course, was decided upon the first innings.

The next fixture in the series will be played at Vernon on Sunday, June 3, and the fourth match at Kelowna on Sunday, June 10.

**KELOWNA WINS OPENING GAME**  
Beat Revelstoke by Score of 8 to 5 With City Officials Giving Send Off  
A well played baseball game here on Sunday, May 20th, ended in defeat for Revelstoke, after their having been in the lead for the first seven innings. Acting-Mayor Hughes-Games, of Kelowna, gave the game a send-off by throwing the first ball with Alderman Newby at bat. Revelstoke, with southpaw Patricio, pitched very good ball up to the end of the seventh, but weakens in real trouble. Goulrie relieved Bach at the beginning of the seventh and certainly did a good job, holding the visitors to two hits and no runs, and striking out 5 men.

Both teams showed a very good class of ball and, as the season progresses and the weather improves, we should be seeing some really interesting games.

Bach started on the mound for Kelowna, pitching good ball, and, although he allowed five runs, was never in real trouble. Goulrie relieved Bach at the beginning of the seventh and certainly did a good job, holding the visitors to two hits and no runs, and striking out 5 men.

**Final Score**  
Kelowna R H E 8 10 2  
Revelstoke 5 10 5  
Batteries—Revelstoke: Patricio and Rota; Kelowna: Bach, Goulrie (7th) and Leier.

**HOME NURSING SERVICE PLAN**  
Providing a home nursing service in every district in British Columbia, including Kelowna, is one of the important post-war plans of the B. C. Division of the Canadian Red Cross Society. With shortage of doctors and nurses, which is expected to continue for some time regardless of the end of hostilities in Europe, it is more necessary than ever to have trained emergency personnel available in case of epidemics, Red Cross officials believe.

To organize such Red Cross home nursing classes, Mrs. Lucille de Sage, Supervisor of home nursing, first aid and emergency reserves for this organization in British Columbia, is making a tour of the province.

She will travel through the Okanagan district, visiting Osoyoos, Oliver, Penticton, Summerland and Kelowna as well as other centres interested in this service. In outlying districts, where there are no nurses available to give instruction, classes will be arranged by Mrs. de Sage and instructors provided.

These classes will be supplemented by instruction to be given by the B. C. Nutrition Director of the Red Cross where there is no nutritionist available in the district.

A baseball game was played between the married men and the boys with the score in favor of the boys. The girls won in a softball game between the married women and the girls. Groups gathered for a basket supper, coffee and tea being provided by the committee for the adults and hot chocolate for the children.

A large crowd attended the dance, and in the supper hour a pie eating contest was held with the winners being Douglas Shaw and Graham Gerrie. Good music was provided by the local band. The committee in charge of sports and dance was P. C. Gerrie, Mrs. O. Wells, Miss M. P. Bailey, Miss H. Martin, Mrs. G. Topham, Mrs. N. Witt, Mrs. E. Nell and K. Domi.

The report of the United Church conference recently held in Vancouver was a feature of both services of the United Church at Westbank and Peachland, on May 27, and was delivered by Mrs. J. P. Long, who was the delegate from the official Board of the churches. The report was so well received that the official secretary has asked for its publication so that it will be retained on church records. The report dealt specially with the Crusade for Christ movement, which is taking a firm hold of the thinking Christians of Canada. The conference also asked that June 10 be observed as the anniversary of the consummation of union of Presbyterian, Methodist and Congregationalist churches on the 10th of June, 1925. Mrs. Morrow, of Westbank, contributed a solo.

L. B. Fulk returned home Monday of last week.

Mr. and Mrs. J. Dowler arrived Wednesday of last week to visit at the home of Mr. and Mrs. N. Witt.

Mr. and Mrs. C. Hay left for a trip to the Coast Tuesday of last week.

Word was received by Mr. and Mrs. W. B. Sanderson that their son Cpl. Gordon Sanderson, was to arrive in Vancouver at the week-end.

## LOCAL BRIDE WILL LIVE IN SEATTLE

Nelda Yvonne Ciacchi Marries Inco, Rantucci, of Seattle

The Immaculate Conception Church was the setting for a lovely wedding on Thursday morning, May 24th, at 10:30 o'clock, when Nelda Yvonne, eldest daughter of Mrs. C. Ciacchi and the late Ambrogio Ciacchi, became the bride of Mr. Inco Rantucci, of Seattle, Washington, son of Mr. Antonio Rantucci, father W. B. McKenzie officiated at the ceremony.

The charming bride, who was given in marriage by her uncle, Mr. Alderico Ciaccone, was becomingly gowned in a full length model of white lace gown, fashioned with a fitted waistline and a full skirt. Her fingertip veil was held in place by lilacs of the valley and she carried a bridal bouquet of pink Delight roses.

The attendants, the bride's sister, Miss Thelma Ciaccone, and her cousin, Miss Gloria Ciaccone, were gowned identically in floor length pink lace gowns and matching lace Dutch caps. The bride's younger sister, Miss Thelma Ciaccone, acted as junior bridesmaid, and wore a floor length frock of blue sheer, while her lace Dutch cap was of white and she carried a posy of pale yellow roses.

The bride's twin brother, Paul Ciacchi, was the groomsmen and the ushers were her cousins, August Ciaccone, V. Ciaccone and Romola Rantucci.

Sister Anna Madeline presided at the organ and the girls of Saint Cecilia's choir, of which the bride was a former member, sang three of the bride's favorite hymns. A solo, "Gounod's 'Ave Maria'" was beautifully sung by Miss Gloria Ciaccone.

Following the ceremony a reception was held at the Royal Anne Hotel, when places were set for the thirty guests. The servitors included Miss Albena Dalcol, Miss Mary Dalcol and Miss Lena Fuoco. A toast was proposed to the bride by P. Capozzi, to which the groom responded. Guest speakers included Father McKenzie, who spoke highly of the bride, as did C. B. Ghezzi, Alex. Ciaccone, August Ciaccone and Harold Capozzi. The bride graciously thanked her guests for their kind wishes.

Mr. and Mrs. Rantucci left that evening for Vancouver en route to Los Angeles, where they will spend their honeymoon. For her traveling ensemble Mrs. Rantucci chose an apple green top coat with matching dress and her accessories were of gold and she wore a corsage of yellow roses.

Mr. and Mrs. Rantucci upon their return from California will reside in Seattle.

Gordon has been wounded overseas twice.

L.A.W. S. T. McKay, R.C.A.F. (W.D.), left for a trip to the Coast Thursday of last week.

F.O. W. L. Sanderson, R.C.A.F., left for the Coast last week.

## TRUE STORIES OF CANADIAN WAR HEROES

By GORDON SINCLAIR  
Internationally famous journalist and author of several best-selling books on war and travel

**BECKET'S BATTLERS SILENCED THE GUNS**

Never before in the records of warfare have so many soldiers fought so bravely in the ranks of their own and an Allied service at the same time.

Brilliant among these is Lieutenant-Colonel Wilson Becket of Montreal, commander of a special service force of Canadian and American shock troops. "Becket's Battlers" were specially trained as commandos, paratroopers and handy men with the tools of war.

On a rainy September night near Mount Ours in France two American brigades were held up by well-placed enemy guns barring the muddy hill toward Castillon. Scouts were quickly sent forward to locate these guns and direct return fire so that they could be knocked out, but the scouts were all killed or wounded.

When the special force was in position for its commando raid, Becket was told that the scouts had been disabled before reporting and others were being sought—the situation was critical.

Scorning a call for further volunteers, Becket personally snaked forward over mined roads vicious with booby traps, plotted his own maps from the lights of gunfire, then crawled back to detail his bold plan to his officers. When each had his objective Colonel Becket again led the way, hoping to beat both the coming dawn and the Nazis. This time he was in advance of his whole detachment.

The North Americans attacked with such sure knowledge of where they were going that every Nazi gun was knocked out within the hour, with but trifling Allied losses. For this night's work of double daring, Lt.-Col. Wilson Becket was decorated by both countries he had served so well.

## And The British Partnership

### FREEDOM

Freedom is founded on a sense of responsibility to God and a belief that all men and women have been endowed by Him with individual worth and dignity.

### SECURITY

Freedom will be a reality when social security and human welfare become a fundamental objective of Canada as a nation.

### OPPORTUNITY

The prosperity of the Canadian people depends on our creative capacity, individual initiative, our energy, determination and willingness to work. Gainful occupation for all is a primary objective of Progressive Conservative policy.

### BRITISH PARTNERSHIP

We affirm our loyalty to the King and our faith in the British partnership. We must accept the responsibilities together with the benefits the Commonwealth offers. The guarantee of freedom, security, and opportunity for Canadians will be found in the strengthening of the British partnership in closer association with the United States and the other United Nations.

FOR SCHOOLS  
IN FRANCEChildren from Wrecked Homes  
Choose Their Own Studies

Schools can have the same atmosphere, the same gaiety, the same spirit of adventure as a summer school, young France is learning. That country is nurturing daring new systems of education. It is not rich children but orphans and children from the slums who are profiting.

If you gauge success in happy faces, sun-tanned bodies and alert minds, this "new education," as they call it, is a success. The idea isn't new. It goes back to Rousseau and his belief in the educational power of nature. It has similarities with some progressive schools in Canada and the United States. But the way the theory is working out in a lovely chateau in Beau-Soucy, not far from Paris, is refreshing.

This is one of 50 "Maisons Des Enfants" through France. The director and his wife set the pace for the school. She usually wears a skirt and blouse with bare legs and sandals. He wears shorts and shirt with bare feet and legs. They said the school is under a welfare organization called "Entente Française" which has organized 50 of these school homes with 3,500 pupils, many of them children of slave laborers in Germany, Jewish children, children whose homes were wrecked and parents killed by war or very poor children.

Between eight and 14 years old, the boys and girls are all three or four years behind in physical development, due to the effects of war. These schools are not only training for the future but a wholesome family life. The keynote of the system is that each child chooses his own studies and works at his own pace. But few of the lessons are learned in formal classes.

**Self-Government**  
The school is organized as a self-governing town, with an elected mayor and a judge and jury to try those who break the rules. Upstairs is a "newspaper office" which publishes one sheet every week. The youngsters set their own type, run the hand press, collect the news and write the stories—even make lineoleum cuts. Now they are carefully printing a book—a story written by a 10-year-old girl. Before they started they studied book-publishing and binding.

In a stable is a pottery factory with an oven the children built themselves. They dig clay from the garden, wash and mix it, and study Greek, Roman and Egyptian pottery to copy.

## REFLECTIONS

## FRIENDSHIP

As frail as snowflakes? Friendship? No! As strong as sturdy pines that grow On mountain heights, and, tried, Instill Their searching roots more deeply still.

For friendship is a splendid thing, And planted deep within the soul, And armored with the steel of faith; And fragrant with the flowers of love;

A rock to which the heart may cling.

True friendship is a sturdy thing. No bloodless, pallid thing is this. That shrills the blows of daily life, But warm and steadfast, deep and strong. Stands firm and sure in peace or strife.

What! Frail, did the poet sing? Nay, friendship is a vital thing.

Women, more often than men, get friendship all tangled up with acquaintanceship, and then get themselves all disturbed when something goes wrong and those whom they thought of as friends don't measure up. Friendship is mutual benevolence. Too frequently many of us forget the mutual part of the bond and then wonder why things go wrong. To have a true friend one must be a true friend, and that means giving as good as one gets for the sake of those things which are truly worth while.

Those people who found it too much trouble to go down to the pet parade in the City Park on Thursday morning really missed a treat. That is if their enjoyment in seeing happiness on the faces of small children hasn't been spoiled. No mother was ever prouder of her new baby than some of the little girls were of their pets which were all fixed up for the occasion and being wheeled along in decorated doll carriages or carried in a bird cage with a perky big bow on top. Small lads absolutely strutted with pride as they displayed their living treasures. A little curly-headed boy was riding along on a small wagon which held a cage with two love birds. They made an attractive trio. Children may be mischievous, but what a dull world it would be without them!

"Where there is no vision the people perish." It would be a wondrous thing if people reading living quarters would take heed of those words. "Sorry, we cannot take children." How often that sentence has been heard by weary parents seeking a home for their children. To rent to people with children have no vision other than adding to their own income. They are cognizant of the fact that the small boys and girls of today are the citizens who will shape the world of tomorrow, but they refuse to look any further ahead than their own little miserable "today" and fear lest the small fry will mark the wall paper or scrape the paint of their much beloved quarters to rent.

Canada's vision for the future is only as large as that of the individual living in her land. Until we, the people of a country which has the promise of a great future, awaken to our individual responsibilities in connection with the children, that promise will be a fulfilled. We must have a vision which will see further than our own noses!

NEW REGULATION  
IN JOB PERMITS  
FOR WOMENLift Ban on Advertising for  
Women Workers for Present  
At Least

A change in the Selective Service job permit system as affecting women workers is announced by Hon. Humphrey Mitchell, Minister of Labor.

The change being put into effect immediately is to convert the present permit system into a plan which (a) will require that separations of women from payrolls must be reported by employers and women too, and (b) when a new position is located and new engagement made the fact shall be reported.

There is no change being made at present in regard to the regulations covering men. Male applicants for employment will still require Selective Service permits before they may legally look for jobs.

Under the new plan a woman may either report at the Employment Office, when separated from a position, and obtain a permit to seek a new job anywhere she wishes, provided she reports when she has started in a new position, or, in the alternative, a woman may locate a position and accept it, if she reports the facts within three days of being hired by an employer.

Selective Service control over advertising for women applicants will also be lifted for the present, but employers wishing to secure male workers through advertising will still require Selective Service authority to advertise.

The regulation requiring women who are unemployed, for seven days to maintain a live registration at the Employment Office while still out of work will continue, and seven days' notice of separation will still be necessary where women are leaving employment.

Employers are still required by Selective Service to report any employment vacancies, whether for men or women, or any impending lay-offs, to the nearest Employment Office.

## MARKETING LEGISLATION

A Subject of Vital  
Importance to Every  
Resident of the  
Okanagan

After years of struggle the growers have attained a position where they have ORDERLY MARKETING of their products.

The 1944 Season, with its large crop, of uncertain keeping quality, with inadequate storage facilities and the box shortage would have been one of unequalled disaster without CONTROLLED Marketing.

Today's controls are based upon three cornerstones — The Standard Contract, The Provincial Marketing Act and the War Measures Act.

Six months after the war the powers under the War Measures Act will expire.

To ensure continuation of orderly marketing, and thereby ensuring prosperity to the growers and workers in the Fruit Industry and residents of all cities and towns of this valley a FEDERAL MARKETING ACT is needed to stabilize the deal in time of Peace.

As a grower, one who has taken an active part in the struggles of the producers to obtain control of the marketing of their products, I will, if elected to represent Yale, do all in my power to assist the passage of federal legislation for controlled marketing.

There is little doubt that the Liberal Government will be returned to office, and I believe that I can do more to aid in the passing of such legislation by working and fighting for the producers in the Liberal caucus and in the House of Commons on the Government side, than any number of members sitting in the opposition can do.

## A LOADING RECORD

The biggest feat of loading at a single port in maritime history was that achieved by the port of South-

ampton in the six months following D-day. This port, one of four main supply ports for the shuttle service to the Continent, fed the Allied

Armies with 75,000 tanks and vehicles of every description; 300,000 men, and over 16,000 railway wagons. On their return trips, the fleet of 4,095 landing craft disembarked 178,000 prisoners of war, 16,000 British and United States casualties, and 6,000 enemy casualties.

FOR THE DAWN OF A NEW DAY

## Security with Freedom!

Your Vote on June 11th can bring lasting security  
to your work, your home, your family!

## Security for your WORK

Here are some of the definite, practical steps taken by the Liberal Government to give security to home and family by assuring well-paid post-war jobs for everyone:

**For Veterans** — The most generous plan of any United Nation to get returned men started in the type of work each of them chooses. The Liberal Government is determined that every man and woman coming home to Canada shall return to the land of greatest opportunity in the world.

**For Workers** — About a third of all Canadians depend on exports for their livelihood. Liberal plans provide for increasing our exports 60% in value over those of 1939.

**For Farmers** — Acting on the belief that all Canadians prosper when farmers do, the Liberal Government has arranged that they can improve their farms and equipment under a new loan plan and has arranged to put a floor under the prices of farm and fishery products.

To stimulate employment for all, the Liberal Government has created a special Department of Reconstruction which is now in operation and which will co-ordinate private and public enterprise.

## Security for your HOME

The Liberals believe that the home is the heart of the nation. They aim to give Canadians every possible facility to build and furnish better homes! With Government assistance you can build a home in the country, town or city. This will make jobs for the building trades, and those who make building supplies—and those who manufacture household equipment and furniture.

**New Homes for Canadians** — The Liberal Government's new \$400,000,000 National

Housing Act, now on the statute books, enables hundreds of thousands of Canadians to get money at low interest and on long, generous terms to build, renovate or enlarge their own homes. Now that Germany is defeated, plans are already in operation for at least 50,000 dwellings.

Other practical, workable measures for the security of your home are the Liberal Government's laws for Unemployment Insurance and Liberal Old Age Pensions.

The Liberals believe in doing what can be done, as soon as it can be done. If returned to power on June 11th, they will carry on and expand the sound, constructive work already started.

## Security for your FAMILY

**Family Allowances** — Starting in July, parents who benefit least from income tax exemptions will receive Family Allowance cheques every month to help them get better food, clothing, shelter and education for their children so they can grow into healthy, vigorous Canadian citizens. These cheques will amount to between \$200,000,000 and \$250,000,000 a year. As direct spending power, this will do much to help in achieving the Liberals' objective of full employment.

**Health** — A National Health Plan will ensure that everybody shall be taken care of while they are sick and the best measures medical science can devise shall be employed to prevent disease.

Despite the efforts of Drew, Bruce, Bracken and other reactionaries, the Liberals are determined that human interests, the needs of men, shall be placed before "business as usual."

The Liberals have faith in Canada, a united country, and in their ability to continue to build, with your support, a more abundant life and greater opportunities for Canadians.

Help build this new order of security with freedom. Protect the social  
gains already made. Vote for your Liberal candidate on June 11th.

## HONEYMOONING AT THE COAST

F.O. V. Stewart and His Bride, Shirley Ellen Gray, Wed Tuesday

On Tuesday afternoon, May 22, at the Rutland United Church, at two o'clock, a pretty spring wedding ceremony was performed by Rev. Dr. Jenkin H. Davies, of Vernon, when Shirley Ellen, daughter of Mr. and Mrs. Arthur W. Gray, Rutland, became the bride of Flying Officer Victor Stewart, R.C.A.F., recently returned from service overseas, son of Mr. and Mrs. R. Stewart, of Ellison.

Given in marriage by her father, the lovely bride chose for the occasion a gown of white sheer tulle with a sweetheart neckline and a bouffant skirt. Her embroidered veil of silk net fell to the hemline in soft folds from a heart-shaped Halo of lace, and she carried a bridal bouquet of pale pink and white carnations and maidenhair fern.

The two attendants, gowning in similar frocks of white sheer tulle, the same lines as the bride's gown and wearing crocheted Juliet caps of rose and blue, were Miss Dorothy Gray, sister of the bride, and Miss Alvinia Kitch, of Princeton. Feasting a sweetheart necklace and a bouffant skirt. Her embroidered veil of silk net fell to the hemline in soft folds from a heart-shaped Halo of lace, and she carried a bridal bouquet of pale pink and white carnations and maidenhair fern.

Following the ceremony, a reception was held at the Willow Inn, which was beautifully decorated with spring flowers for the occasion. Receiving with the bridal party were Mrs. A. W. Gray, the bride's mother, who chose a navy dressmaker suit with accessories of white, and Mrs. E. Stewart, mother of the groom, who was attired in an ensemble of green with white accessories and a corsage of lily of the valley.

The bride's table, covered with a lace cloth, was centred with a three-tiered wedding cake, flanked by silver bud vases containing lily of the valley. Presiding at the tastefully appointed table were Mrs. W. Heron and Mrs. F. L. Fitzpatrick, while the servers included Mrs. George Reith, Miss Audrey Gibson, Miss Joan Heron, the Misses Heather Doreen and Fay Stewart, sisters of the groom, Miss Doreen Grummett and Miss Carol Gray, sister of the bride.

E. Muford proposed the toast to the bride, to which the groom responded, and F.O. Hume gave the toast to the attendants. Flying Officer and Mrs. Stewart left for the Coast later, the bride wearing an apple green dressmaker suit with accessories of brown and a topcoat of maize. Her corsage was of iris.

Out-of-town guests included Miss Diana B. of Kamloops, and Pte. Allan Elliott, who is stationed at Calgary.

## LOCAL SPEAKER URGES KEEPING UP WAR EFFORT

Kelowna W.P.T.B. Consumers Branch Representative Reports on Convention

Guest speaker at the monthly meeting of the Kelowna Hospital Women's Auxiliary here recently, was Mrs. T. F. McWilliams, Kelowna representative of the Consumers Branch, Wartime Prices and Trade Board. Mrs. McWilliams, who has just recently returned from the Board's annual convention held in Vancouver, gave a short but very interesting address on the results of the three day convention. The extreme shortage of textiles, especially woollens and worsteds, was particularly stressed, and the need for make centres in all communities, where women could learn to remake their old garments rather than buying new ones. The fact of letting down the war effort was stressed. Shortages are likely to increase rather than decrease after the war, with the necessity of providing for all the liberated countries. The last peace rumor several months ago resulted in a surprising slackening of output all over the continent and it was some little time before production was brought back to its former level.

Mrs. McWilliams foretold an increased paper shortage. Packages in Vancouver are in some instances being wrapped in used paper and some stores advertised "Bring your own containers". Canada's sugar quota was one-sixth of the world's output and although there was an increase in the sugar-beet industry, it would not affect the one-sixth proportion already fixed.

Those tagging on Saturday were members of the High School Students Association.

## TAGGERS GET \$15 FOR MINESWEEPERS

City taggers on Saturday, May 19, collected \$15 for the Minesweepers. This money will be used by the local committee to provide knitted garments for the minesweepers. There is every indication that the services of these men will be required for at least two years and, although the war is over in the European theatre, the minesweepers' activities continue, as does the demand for knitted comforts for them.

**BE PATIENT!**  
SOME GOODS ARE STILL SCARCE

**DON'T CONFUSE THE SIGNALS**

War came. Most civilian goods had to be diverted to war needs. That caused shortages of civilian goods—that was the **RED LIGHT**

don't jump the **YELLOW** light

Some restrictions have been lifted, but war demands are still great. We must help our Allies and the liberated countries. We can't neglect them.

(This is the **YELLOW LIGHT ONLY**).

It does not mean the end of shortages. Getting back to peacetime production will be piecemeal and gradual.

Goodwill, patience and energy now will assure a prosperous Canada tomorrow.

Only after Victory over Japan can the Green Light be switched on, and the road cleared for enough production to meet all our civilian needs.

out. This response had been obtained without any work on the part of anyone. The contracts had been sent out and one follow-up letter had been sent, resulting in 2,300 contracts being signed and returned. This response was very much better than that of three years ago, indicating that generally the growers were quite satisfied with current operations.

However, in order to speed up the signing further steps will be taken to obtain the signatures on the outstanding three hundred.

### Car-Door Plan

Mr. Loyd stated that in his opinion there would be recurrent years when poor fruit would seek to find a spot on the market. The 1945 convention had instructed B.C. Tree Fruits to proceed with a plan designed to eliminate this as far as possible. This step had been taken and was ready for operation with the opening of the season.

One factor which would assist in eliminating last year's condition was the additional cold storage facilities which will be available for the coming crop. It would look as though the Valley will have just about sufficient storage to adequately handle a normal crop.

There is one big thing the Okanagan needs for its fruit now is the hallmark of reliability. Mr. Loyd stated. We have assumed the leading fruit position in the Dominion and have outstripped Nova Scotia in this regard. We now have the opportunity of capitalizing on former tough times and to make our products preferred on the markets of Canada.

There are potentially good markets which can be developed if the growers send good fruit to those markets. Fruit marketing is less of a gamble now than it was in the past but in the final analysis success depends on good fruit. The directors of the B.C.F.G.A. should never lose an opportunity of pressing this fact home to growers.

Real care on the growers' part will yield dividends. They have already taken many forward steps notable among these is the reduction of varieties to eight, a step which has been taken nowhere else. They have decided to grow the varieties which can be sold and this has already been profitable as Okanagan fruit readily sells in markets of both Ontario and Nova Scotia.

Speaking of last year's condition, Mr. Loyd admitted that there were several factors which contributed to poor fruit getting on the market, but he said, "excuses are of no use to the housewife who pays her good money to get something and doesn't

## TPR. D. McCAULDER AGED RUTLAND ARRIVES HOME RESIDENT DIES

Tpr. McCaulder, 28 year old son of Mrs. D. McCaulder, 104 St. Paul St., arrived home in Kelowna on Monday after being overseas since 1942. He enlisted in 1940 and was on the fighting front in France, Belgium and Holland. In November, 1944, he received left knee injuries and has been in various hospitals since that time, being invalided home on a hospital train which arrived in Vancouver Saturday. At present he is spending 30 days leave at his home here. A native of Vernon, Tpr. McCaulder came to Kelowna when he was eight years old and resided here up to the time he enlisted. A brother, Pte. Neil McCaulder, who is attached to the Seaforth Highlanders, is thought to be in Holland.

The death occurred on Thursday, May 24, of Frank Buch, of Rutland, in his 84th year. The aged man, who was born in Russia, came to Rutland 20 years ago from the Peace River district. He is survived by four sons, John, of Vancouver, Frank, now residing in Armstrong, and Tony and Paul, in Rutland. There are also 17 grandchildren and one sister, Mrs. Bollin, in the U.S.A. The funeral service, which was largely attended, was conducted by Rev. Father De Lestre, on Saturday, May 26, from the Catholic Church, with interment following in the local Catholic cemetery. Pall bearers were Mr. Dillman, Jacob Schneider, Joe Schneider, Charles Schneider, D. Schnoenberger and J. Drilling.

B. Hardie is a patient in the Kelowna Hospital.

Mr. and Mrs. Buck Hardie, of Kamloops, paid a brief visit to the district over the week-end.

Mrs. R. D. Scott, of Calgary, is visiting her daughter, Mrs. F. D. Smith, at the home of Mr. and Mrs. E. Mugford.

Mrs. Schofield, who is 88, is making good progress toward recovery from a dislocated shoulder and fractured arm, which she sustained last week, when she fell at the home of her daughter, Mrs. E. Mugford.

Maureen Claxton is a patient in the Kelowna Hospital, suffering from threatened blood poisoning, and expects to be home soon.

J. Elsemann has sold his small property to Mr. Gold, of Sask. Mr. Elsemann expects to reside in Victoria, B.C.

## BAN POLITICAL BANNERS

On Monday night the C. C. F. sought the City Council's permission to erect a banner across Bernard Avenue, but the Council felt that it would be establishing a precedent and refused such permission.

It was also pointed out that the Progressive-Conservative party had tacked posters to city poles throughout the city and that city employees had been instructed to tear these down as the erection of such signs on city property is illegal.

## MOSQUITO CONTROL STARTS

The first casual appearance of mosquitoes during the past week prompted Alderman Hughes-Games to enquire on Monday night of Alderman J. J. Ladd if he proposed to do any control work this year.

Mr. Ladd replied that the first spray would already have been applied and full control measures were planned for the summer.

get what she expects. She is not interested in excuses. You yourselves are not interested in the excuses which might be advanced by a manufacturer of the grower of some product if the product is not as satisfactory as you believe it should be.

"1944 was nobody's fault but it did the industry a great deal of harm. A similar year cannot be afforded. Nothing matters but a satisfied housewife."

Nine of the delegates were attending their first Fruit Board B.C. C.A. meeting. These were J. G. Campbell, of Salmon Arm; C. Schrauwen, of Kamloops; J. K. Watson, of Vernon; F. L. Constable, of Winfield; R. O. Hall, of Oliver; R. D. Currie, of Creston; G. Noel Brown, of Nelson, and A. H. Geen, of Ellison.

The delegates were: Salmon Arm, J. G. Campbell; Sorrento, C. R. Newman; Kamloops, C. Schrauwen; Armstrong, S. V. Hitt; Vernon, J. K. Watson; Coldstream, W. A. Middleton; Penticton, C. C. Sworder; Kaleden, R. D. Muth; Summerland, J. Y. Towgood; Naramata, F. C. Baker; Kelowna, J. B. M. Clarke; Winfield, F. L. Constable; Oyama, T. D. Shaw; Maclaren, Oliver, R. O. Hall; Osoyoos, D. E. Burpee; Creston, R. D. Currie; Nelson, G. Noel Brown; Grand Forks, A. C. Lawson; Westbank, J. A. Maddock; East Kelowna, J. R. J. Stirling; Glenmore, J. N. MacFarlane; Rutland, H. G. Walburn; Ellison, A. H. Geen; Okanagan Mission, K. R. Young; Peachland, C. O. Whinton.

## COAST WEDDING OF INTEREST

Of interest in Kelowna and Vancouver is the wedding which was solemnized in St. James Church, Vancouver, on Wednesday, April 4, when Barbara Hamilton Baillie, only daughter of Mr. C. J. Baillie, of Premier, B.C., and Mrs. W. Hume, Okanagan Mission, became the bride of Maurice W. Brown, second son of Mr. and Mrs. T. Brown, Vancouver.

The bride, who was given in marriage by her mother, chose a brown semi-dressmaker suit, with a corsage of pink and white carnations, for the wedding. Attending the bride were Mrs. Douglas Vaughan, as matron of honor, and Miss Elizabeth Chernoff as bridesmaid. The groomsmen was Cecil Josephson.

SHRAPNEL WOUNDS Sapper S. R. Webster, of Kelowna, is now in hospital recovering satisfactorily from shrapnel wounds in his leg and arm, according to word received here by his wife, Mrs. Lilly Webster, 115 DeHart Avenue.

- 1—Jobs for all in an expanding economy.
- 2—Re-establish our fighting men.
- 3—Raise Canadian living standards.
- 4—A National Farm Policy, a floor under prices of all farm products; Dominion-Provincial protection against eviction, foreclosure and crop failure; State Aid for producer and implement co-operatives; reduced freight rates; a Dominion-wide farm rehabilitation administration establishment of experimental plants with Dominion-Provincial co-operation; reduction in cost and repair of farm implements and machinery.
- 5—A new National Taxation and Credit Policy—democratic policies; a curb on monopoly practices.
- 6—A new status for our women—equal pay for equal work, equal rights to work at trades for which they have trained.
- 7—A future for our youth; a Dominion-Provincial scholarship plan; the voting age lowered to 18 years.
- 8—A richer Canadian culture, the full program proposed by the 13 organizations of Canadian artists should be put into effect; the services of the CBC must be extended, improved and further democratized.
- 9—An immigration policy based on the actual economic conditions of the post-war period, at the same time playing a generous role in helping to solve the urgent world problem of resettling the thousands of democratic men and women of Europe who are refugees from Fascist terror.
- 10—Unite our country.
- 11—Make Canada a force for peace and security.

"G'way—I don't want nothin' but delicious, nourishing Grape-Nuts Flakes!"

"Go back, Doggie and tell 'em I want a big bowlful of those oh-so-good, mally-rich, sweet-as-a-nut Grape-Nuts Flakes!"

"I need that good Grape-Nuts Flakes nourishment. 'Carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; and other food essentials."

"Two grains, My Shaggy Friend, make Grape-Nuts Flakes so doubly good. They're specially blended, baked and toasted for glorious flavor and easy digestion. Now hurry—and tell your boss the giant size package is particularly economical!"
